BY COFFEE COUNTY EXTENSION SERVICE

PASTURES

Supplement grazing and temporary pastures for hogs, cows and work stock are greatly needed by farmers throughout Coffee County. Lespedeza sericea and kudzu planted at the right time and fertilized provide excellent summer grazing. Kudzu and sericea are easily killed and should not be grazed for the first two years, and grazing should be controlled thereafter to get best results from these crops.

HERE AND THERE

Mr. J. M. Stokes, of Dan-

ley's Cross Roads community, says kudzu was a great help in his grazing program the past summer. He is planning on fertilizing and discing his kudzu in early spring to get more grazing the coming summer. He also hopes to put more acres in kudzu.

Mr. Jernigan, of Elba community, has made application for 2,500 kudzu crowns and basic slag to set out 5 acres. This is a good start.

Mr. Ed. Donaldson, of the Mt. Gilead community, is planning to terrace his farm this month. The first step in saving the soil.

Mr. S. O. Parker, of the Basin community, is following a definite soil conservation plan. He is being assisted by the Wiregrass Soil Conservation District.

An outbreak of hog cholera is causing heavy loss to farmers in the county. J. R. Speed, county agent, advises all farmers to keep close check on their hogs for cholera symptoms. If recommendations are needed, call your county agent or a veterinarian.

POISONING

Farmers are losing hogs from poisoning by drinking salt brine where rock salt is used and by fertilizer that has not been properly stored. Farmers must give salt to their hogs to get cheaper gains, says J. R. Speed, county agent, but this salt should be mixed with feed or placed under a shed if rock salt is used.

MEETINGS

Scheduled meetings were held during the week at Kinston, Mt. Pleasant, Coppenville, Rhodes, Victoria and Elba.

Pictures were shown where electricity was available. Farmers were given information on the P. M. A. (AAA) program for 1946 and the assistance in farm planning available through the Wiregrass Soil Conservation District in the county was explained.

COMMITTEE ELECTIONS

Community Committee elections were held at Newbia, Mt. Pleasant and Cool Springs communities to elect community committeemen for their respective communities. The following committees were elected by the farmers to serve for 1946:

Newbia, Community C, Beat 4—Chairman, McAla Leverett; first alternate, Andrew R. Bryan; second alternate, Edward S. Bryan.

Cool Springs, Community Y, Beat 8—Chairman, Hubert S. Martin; first alternate, Jesse R. Brunson; second alternate, Strelly C. Hundley.

Mt. Pleasant, Community X, Beat 8—Chairman, Jim Weeks; vice chairman, Frank Nichols; first alternate, Grady Barnes; second alternate, Harvey Sessions.

ELBA MAN FELT LIKE SWOLLEN BALLOON; FULL OF STOMACH GAS

Recently an Elba man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise INNER-AID. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Coffee County.

A PEOPLE AT WORSHIP

LESSON TEXT—Exodus 23:1; 23:4-9, 20-23.

A nation which knows God must have a place and a plan for worshipping Him. The history of Israel has moved forward in the account in Exodus where the people delivered from bondage are established as a theocratic nation; that is, one governed by God.

The covenant at Sinai (ch. 19) was followed by the giving of the law (chs. 20-23), and then in chapters 24-40 we find the worship of God established. Two elements are necessary—a way in which God may be approached and a place to meet Him. The former is provided in the ordaining of the Aaronic priesthood, and the latter by the building of the Tabernacle.

I. God Provides a Way to Worship (23:1).

The appointment of Aaron as high priest, and his sons to serve with him, provided for the proper conduct of the worship of God which was to take place in the Tabernacle. The sinner coming into the presence of God must approach by way of the brazen altar where sacrifice could be made for sin. This called for a priest and apart for this holy duty, which would open the way for the repentant one to enter into the Holy place, and ultimately to know that his sin was covered in the Holy of Holies.

Consider the grace of God in thus providing for the deep spiritual need of His people. All of this pointed forward to the day when Christ the true High Priest was to make the perfect and final atonement for sin by the sacrifice of Himself on Calvary's tree.

The symbolic dress of the priest and his consecration for his duties are all very instructive, but we do not have space to comment at length. Suffice it to say that the one who is to serve in the conduct of the worship of God is to be a called, cleansed and consecrated man, set apart for a holy calling and eager to be used of God to lead men into fellowship with Him.

From these first provisions for the worship of God we may learn many of the high principles which are to guide the church regarding the call and separation of men to the ministry. The gift and grace of God shown in the man's character are far more important than intellectual or social standing.

II. God Provides a Place of Worship (23:4-9, 20-23).

The plan for the Tabernacle was given by God to Moses in much detail. A close study of it will bring rich reward.

Although the plans were made by God (Exod. 25-27), note that He gave the plans to Moses and then to the people the privilege of providing the materials. They recognized it as a high privilege and not a burden, and they came enthusiastically with their gifts.

That thought bears application to the believer, for we know that God still loves a cheerful giver (II Cor. 9:7). Those who grow and grumble about the money and material needed for the worship of God have not caught the real spirit of Christian giving.

The children of Israel brought more than enough of their most treasured possessions and of the labor of their hands; in fact, they had to be told to stop giving! That would be a novelty! The Tabernacle was duly built, and thus there was provided for Israel a place of meeting (Tabernacle) literally means "tent of meeting"), beautiful and appropriate for their days of sojourning in the wilderness.

The significance of the Tabernacle is both interesting and important.

(1) It is a symbol of God's presence with His people. All who were defined were excluded because God was there.

If your contribution seems negligible, bear this in mind: Every garment you give means one more human being saved from cold or sickness or possibly death. Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East.

Dig into your attics, trunks, and closets today . . . dig out all the clothing you can spare . . . take it to your local collection depot now. If you doubt the need for it overseas, ask the boys who've been there!

PEANUT PURCHASE AND LOAN PROGRAM FIXED FOR 1946

The following is from a letter I recently received from A. W. Jones, State Director, Production and Marketing Administration, with reference to the Peanut Purchase and Loan Program for the 1946 crop.

"A program to support through purchases and loans the price of the 1946 crop of farmers' stock peanuts has been announced by the U. S. Department of Agriculture. Prices will be supported at 90 per cent of parity as of July 15, 1946, the beginning of the marketing year.

"Purchase and loan values by type, sound, moisture, kernel content, and quality, based on historical differences in value, will be announced after the July parity has been determined.

"Purchases under the program will be made until July 20, 1947, and loans will be available until January 31, 1947. It is anticipated that such purchases, which will be made only to obtain prices or to provide markets, will be through the peanut grower cooperation located at Camilla, Ga.; Franklin, Va.; and Gorman, Texas."
